How many times have family, friends, co-workers, even total strangers stopped you and said, "Wow! That's a great tie." It happens often if you're wearing a *Rush Limbaugh No Boundaries* tie.

Many have said they knew they were getting power and pizzazz with a *No Boundaries* tie. But it was only after wearing one that they discovered the "hidden treasure": non-stop compliments.

You can bet nothing will change with our Fall 1996 tie collection. There are twelve new designs, each in two color versions. Put any one of our *No Boundaries* ties with that everyday suit and button-down shirt and — Hello! It's one thumbs-up after another.

And now, you can put the *No Boundaries* power in your pocket with our new matching pocket squares. These beautiful silks parade the same *No Boundaries* splendor you've come to expect.

The *Fall 1996 No Boundaries Collection* also includes six stunning new scarf designs, each in two color versions. And don't forget every *No Boundaries* tie is available in regular and extra-long length.

So, pick out your favorite *No Boundaries* tie or scarf and get ready to get noticed.

*Rush Limbaugh No Boundaries Collection...**They're all power ties.***

Your ties are absolutely fantastic! Every single time I wear one I get at least three compliments. Too bad though that some people still don't know the true meaning of a "power tie" and miss out on all the fun and excitement that goes with wearing a No Boundaries tie.

New Arrivals for Autumn

Your collection contains the most magnificent ties I have ever seen. You have singlehandedly revolutionized the fashion industry. All my life I have envisioned what I desired in a tie. Sadly, no ties have matched my expectations. Until now. Finally, you deliver what I've always wanted.

Creating a Rush Limbaugh No Boundaries tie is an intricate and lengthy process encompassing several phases: design, fabrication, screening, finishing and sewing.

From concept to color, each design takes more than 100 hours. Once the design is complete, each color is separated and dedicated to its own screen for printing.

The fabrication process includes the selection of silk, lining, tipping, labels and chains. Silk selection involves choosing the perfect weight and weave. The texture is carefully considered to ensure each tie drapes properly and maintains a rich appearance.

After color separation, each tie is printed one at a time. No Boundaries ties are a product of precise engineering, requiring a special center cut for exact positioning of design.

The finishing phase gives our No Boundaries ties that great feel. After the fabric is printed, baked and cleaned, the sewing process begins.

Sewing a No Boundaries tie involves 22 steps, of which, 18 effect the length of the tie. Because each tie is individually made, lengths may vary slightly. However, a No Boundaries regular length tie is usually longer than the industry standard of 54 to 56 inches. Our regular length tie is 56-58 inches. The No Boundaries Big & Tall ties are between 60-62 inches in length.

We hope this information helps you understand our commitment to ensuring that your No Boundaries product meets only the highest standards. Our attention to detail notwithstanding, variations may occur in any of the above steps. It is our policy to assure 100% satisfaction with your No Boundaries selection or offer a replacement or full refund. Contact our customer service department at 1-800-246-5121 with any questions.

Due to the nature of photography, actual tie colors may vary slightly from what is shown in this catalog.
